I have served the community of Brixton for 15 years and hold the position of Chair of the Planning Sub Committee. I enjoy serving and meeting parishioners, building developers and their agents. I especially like meeting the members of our fabulous community and I am determined to preserve the integrity of Brixton Parish.

My background is primarily military, travelling the world as a child and serving Her Majesty in the Army for many years. I still serve our armed forces in my professional life.

I am married to my beautiful wife Annette and all four of my children have grown up in our community of Brixton.

Local interests are keeping horses and I have been a member of the Yealmpton Show Committee for the past 20 years.

My purpose on the council is to listen and support my local community for the benefit of all and not to be afraid to stand up and represent each and every one of you.
