I was born and brought up in the parish. I moved away for university and then settled in Falmouth for 12 years. In December 2013, I brought my family back to the community; Brixton is as good as it comes in terms of community spirit with great access to the local countryside, coast and nearby Dartmoor.

Having children at Brixton St. Mary's School and Ladybirds, I want to ensure this community gives them the best start in life in terms of education, recreational facilities, access to countryside, coastal adventures and safe a place to hang out with their friends from the ever-expanding school. At the other end of the scale, I want to ensure the parish continues to be a place that all ages enjoy living in and is still thriving when I reach retirement age.....many years yet!!!

Being a parish councillor is a fantastic challenge and one I'm really looking forward to.
