I have been a member of Brixton Parish Council since 2008 and chairman since 2011. I am strongly committed to public service, having been a senior manager in local government for over 30 years, and to improving the quality of all our lives across the Parish. As a parish councillor I have been involved in the modernisation of the play spaces in Brixton Village, the establishment of Silverbridge Way linking Brixton with Yealmpton, drawing up The Parish Plan (2010), setting up the Community Emergency Plan, working with the Neighbourhood Plan Group (2016) , improving links with Carrolsland, liaison with Sherford Implementation team and promoting the Parish as a key player in the innovative national project Dementia Friendly Parishes around the Yealm. I listen to parishioners concerns and views and take appropriate action as required.
