When I joined Brixton Parish Council, the Council was very short of members and I was concerned for its future - 'Once lost, it could be gone forever'. The following year I was elected as Vice Chair and I see my role to assist & support the Chair at all times & help keep the wheels turning. In the course of my duties, I serve on Finance Policy, Planning, P3 Paths, Emergency Plan, Traffic Management Group & The Sherford Liason Group.

I think it is of vital importance to listen to the Residents Views and their concerns at all times and to help wherever possible.

For the future, we are lucky as we have an 'Active & Passionate Council' who are looking after the interests of the village. This bodes well for the future for The Parish of Brixton.
