

Brixton Parish Environment Working Group

Terms of Reference

- To help and encourage everyone in our community to reduce the impact of climate change on our way of life and on our environment across Brixton Parish.
- To encourage schools and young people within the communities to participate and contribute to our objectives and action plan.
- To raise awareness about the impact of climate change in all aspects of our lives in our homes and neighbourhoods.
- To support local organisations and businesses to consider and be aware of the impact of climate change and how to develop and improve measures to protect the environment.
- To share information, ideas and best practices and see what works for our communities.
- To engage landowners and farmers with local issues concerning the impact of climate change on our environment.
- To work together with our communities to seek resolutions to protect the environment.
- To engage everyone in Brixton Parish to contribute and participate in the development of the action plan for Brixton Parish Environment Working Group.

Approved at the meeting of Brixton Parish Environment Working Group
Thursday 8th July 2021

Adopted by Brixton Parish Council – 29th September 2021
